

Swim England confirms its membership fees for 2021 have been frozen

- Successfully campaigning for reopening of pools through the #OpenOurPools campaign to get clubs back into the water
- Producing Return to the Water and Returning to Competitive Action guidance to all clubs to return to the water safely in a Covid-secure environment
- Providing digital content such as land training tips and mental health advice to support athletes and coaches through lockdown
- Continuing to campaign for financial support for pools and clubs through the #SaveLeisure campaign to safeguard the future of hundreds of pools
- Delivering club and volunteer support on Covid-19 related matters and moving traditional club support online
- Leading the industry with high-quality research, including launching a Club Tracker to understand and inform our lobbying activity to support clubs and members
